### Experience The Difference

This past fall, on October 19, parents, grandparents and Society members were invited to go back to school for an evening. Visitors had the opportunity to "experience" how high school subjects such as English, Math, History and Science are taught from a Christian perspective.

Again this spring, on April 19, you will have a chance to return to the classroom and *personally experience* the high school classroom setting and catch a glimpse of the valuable investment that our teachers make in the lives of our students. This evening is meant for current families who will have high schoolers in the future as well as for Bellingham and Lynden community members who are interested in Christian education for their child(ren). Mark your calendars now, you won't want to miss it!

### Shed

What gets collected in the shed located in the school parking lot?

- Cash for Trash items (labels, food boxes, food packages, receipts...) Please be sure to contain them in a bag or box.
- Second Chance Thrift Store donations. They are looking for items that are in good condition and that are gently used. Please review the pink sign to double check what they do not take.

### Drop Off Zone

The drop off area (in front of preschool playground) is for vehicles to pull up and drop off students. Please keep the line moving and be aware of others needing to get through as well as the bus. If you need to park, please pull in a parking stall.
