## LC Employee School Entry Guide (revised 8/20/20)

1. At home, before leaving for school – self assess using COVID screening questions.
  - a. If answer “**no**” to all COVID screening questions and have no obvious signs of illness or fever please continue to LCS.
  - b. If answer “**yes**” to any of the COVID screening questions and/or show signs of illness and/or have a temperature at or above 100.4 please remain home and contact school medical staff for next steps.
2. Upon arrival at LCS, immediately proceed to office (or designated location) to do a temperature check and sign the daily log sheet attesting that staff member answered “**no**” to all COVID screening questions and has no obvious signs of illness or fever.
3. During work day, if staff member develops 1 or more COVID symptoms they must immediately contact building office/school medical personal and go home.

\*\*Continual re-evaluation of situation with respect to phase and guidelines will happen between now and school starting and then throughout the school year, making appropriate modifications as needed/allowed.

## LC Student School Entry Guide (revised 8/20/20)

### I. Preschool

1. Parent completes COVID Student Screening form in FinalForms. (Note: please update COVID Student Screening form in FinalForms if student develops symptoms and/or symptoms change.)
2. At home, before student leaves for school – parent assess student using COVID screening questions and temperature check.
  - a. If answer “**no**” to all COVID screening questions and have no obvious signs of illness or fever please continue to LCS.
  - b. If answer “**yes**” to any of the COVID screening questions and/or show signs of illness and/or have a temperature at or above 100.4 student should remain home and contact school medical staff for next steps. (note: please update COVID Student Screening form in FinalForms if student develops symptoms and/or symptoms change.)
3. Upon arrival to LCES, Parents will accompany students to the preschool front entrance doors. Door monitors will check in students, perform a visual check for signs of illness and a temperature check, adhering to the following protocol:
  - a. Persons with no obvious signs of illness or fever will be allowed in the building and directed to their classrooms.
  - b. Persons with signs of illness and/or a temperature at or above 100.4 will not be permitted into the building.

\*\*Continual re-evaluation of situation with respect to phase and guidelines will happen between now and school starting and then throughout the school year, making appropriate modifications as needed/allowed.

## LC Student School Entry Guide (revised 8/20/20)

### II. Grades K-6

1. Parent completes COVID Student Screening form in FinalForms. (Note: please update COVID Student Screening form in FinalForms if student develops symptoms and/or symptoms change.)
2. At home, before student leaves for school – parent assess student using COVID screening questions and temperature check.
  - a. If answer “**no**” to all COVID screening questions and have no obvious signs of illness or fever please continue to LCS. “Clearance stickers” will be placed on each child by parent prior to dropping off or loading on bus.
  - b. If answer “**yes**” to any of the COVID screening questions and/or show signs of illness and/or have a temperature at or above 100.4 student should remain home and contact school medical staff for next steps. (note: please update COVID Student Screening form in FinalForms if student develops symptoms and/or symptoms change.)
3. Upon arrival to LCES/LCMS, student proceeds to designated entrance. Door monitors will check in students, perform a visual check for stickers, signs of illness and a temperature check, adhering to the following protocol:
  - a. Students wearing a sticker with no obvious signs of illness or fever will be allowed in the building and directed to their classrooms.
  - b. Students without a sticker but without obvious signs of illness or fever will be asked to wait to enter the building until parent/guardian is notified and asked COVID screening questions. After which, students are released to their classroom.
  - c. Students with signs of illness and/or a temperature at or above 100.4 will be accompanied to a designated waiting area until a school nurse can recheck. If student passes recheck, he/she is released to classroom. If student fails recheck, parents will be called and the student will need to be picked up.

\*\*Continual re-evaluation of situation with respect to phase and guidelines will happen between now and school starting and then throughout the school year, making appropriate modifications as needed/allowed.

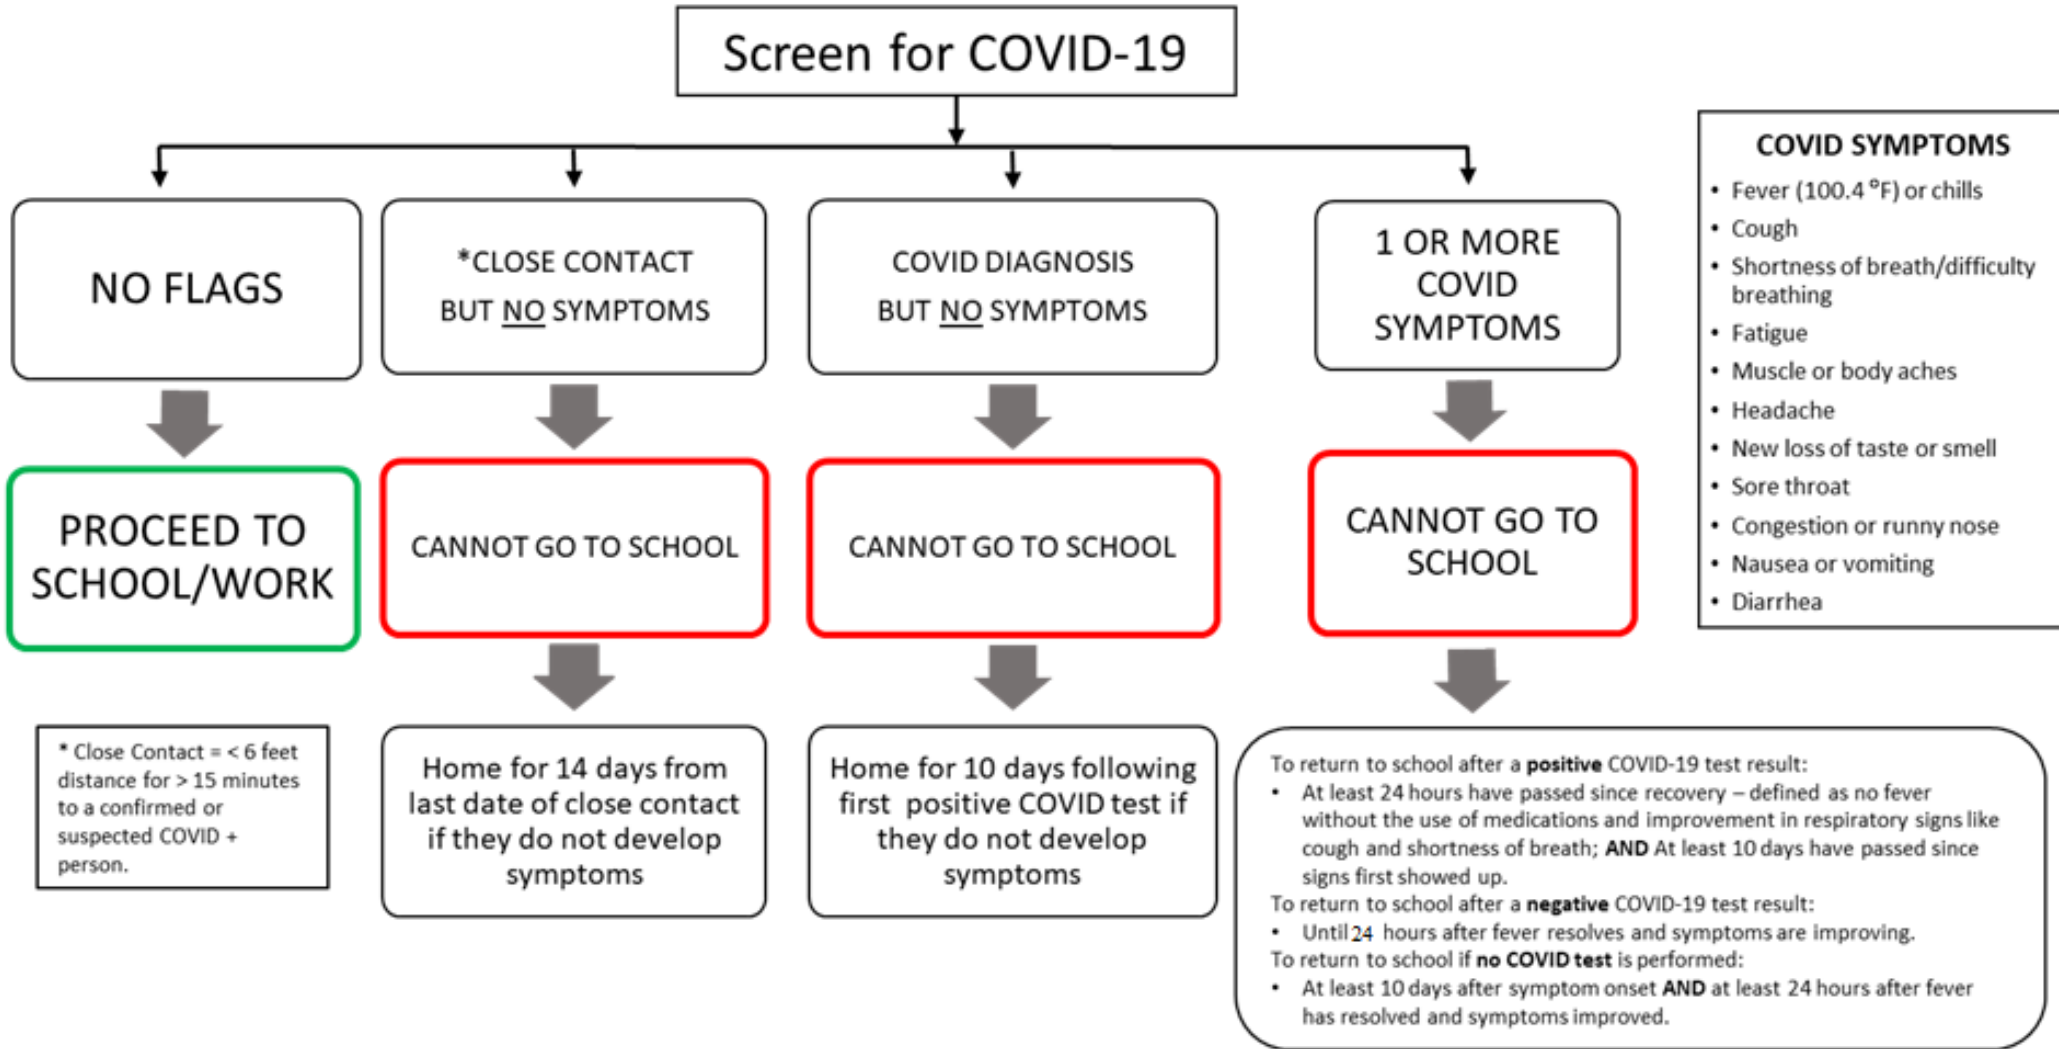

LC Student School Entry Guide  
(revised 8/20/20)

**III. Grades 7-12**

1. Parent and student complete COVID Student Screening form in FinalForms. (Note: please update COVID Student Screening form in FinalForms if student develops symptoms and/or symptoms change.)
2. At home, before student leaves for school – parent assess student using COVID screening questions and temperature check.
  - a. If answer “**no**” to all COVID screening questions and have no obvious signs of illness or fever please continue to LCMS/LCHS.
  - b. If answer “**yes**” to any of the COVID screening questions and/or show signs of illness and/or have a temperature at or above 100.4 student should remain home and contact school medical staff for next steps. (note: please update COVID Student Screening form in FinalForms if student develops symptoms and/or symptoms change.)
3. Upon arrival to LCMS/LCHS, student proceeds to designated entrance. Door monitors will utilize FinalForms attendance to ask students COVID questions, perform a visual check for signs of illness and a temperature check, adhering to the following protocol:
  - a. Students who answer “**no**” to all the COVID screening questions in Final Forms and who have no obvious signs of illness or fever will be allowed in the building and directed to their classrooms.
  - b. Students who answer “**yes**” to any of the COVID screening questions and/or show signs of illness and/or have a temperature at or above 100.4 will be accompanied to a designated waiting area until a school nurse can recheck. If student passes recheck, he/she is released to classroom. If student fails recheck, parents will be called and the student will need to go home.

\*\*Continual re-evaluation of situation with respect to phase and guidelines will happen between now and school starting and then throughout the school year, making appropriate modifications as needed/allowed.

# Screening Flow Chart

## Positive Screening Scenarios

### On Arrival with Immediate Transportation

	Close contact, no symptoms	COVID-19 diagnosis, no symptoms	1 or more COVID-19 symptoms
	Staff or Student shares they were in close contact (exposed) to someone with COVID-19 while contagious within the last 2 weeks but has NO symptoms.	Staff or Student shares they were diagnosed with COVID-19 less than 10 days ago but has NO symptoms.	Staff or Student presents with at least 1 of the following COVID-19 symptoms: Fever or chills; cough; shortness of breath/difficulty breathing; Fatigue; muscle or body aches; headache; new loss of taste or smell; sore throat; congestion or runny nose; nausea or vomiting; diarrhea.
Who			
<p style="text-align: center;"><b>Staff Member or Student</b></p> <p>When student has a designated individual (e.g., parent or guardian) PRESENT to immediately support child to get home or to medical care safely.</p>	<ul style="list-style-type: none"> <li><input type="checkbox"/> Immediately go home.</li> <li><input type="checkbox"/> Can return to school once it has been 14 days since last close contact if they do not develop symptoms.</li> <li><input type="checkbox"/> Cleaning/disinfecting protocol.</li> <li><input type="checkbox"/> Student documentation: symptoms, interventions, disposition.</li> <li><input type="checkbox"/> Staff documentation per District HR guidelines.</li> </ul>	<ul style="list-style-type: none"> <li><input type="checkbox"/> Immediately go home.</li> <li><input type="checkbox"/> Can return to school once it has been 10 days since their first positive COVID-19 test if they did not subsequently develop symptoms since their positive test.</li> <li><input type="checkbox"/> Assess any exposure that may have occurred while on site.</li> <li><input type="checkbox"/> Close affected rooms for 24 hours and initiate cleaning/disinfecting protocol.</li> <li><input type="checkbox"/> Student documentation: symptoms, intervention, disposition.</li> <li><input type="checkbox"/> Staff documentation per District HR guidelines.</li> </ul>	<ul style="list-style-type: none"> <li><input type="checkbox"/> Immediately go home.</li> <li><input type="checkbox"/> To return to school after a <b>positive</b> COVID-19 test result:                             <ul style="list-style-type: none"> <li>▪ At least 24 hours have passed since recovery – defined as no fever without the use of medications and improvement in respiratory signs like cough and shortness of breath; <b>AND</b> At least 10 days have passed since signs first showed up.</li> </ul> </li> <li><input type="checkbox"/> To return to school after a <b>negative</b> COVID-19 test result:                             <ul style="list-style-type: none"> <li>▪ Until <b>24</b> hours after fever resolves and symptoms are improving.</li> </ul> </li> <li><input type="checkbox"/> To return to school if <b>no COVID-19 test</b> is performed:                             <ul style="list-style-type: none"> <li>▪ At least 10 days after symptom onset <b>AND</b> at least 24 hours after fever has resolved and symptoms improved.</li> </ul> </li> <li><input type="checkbox"/> Close affected rooms for 24 hours and initiate cleaning/disinfecting protocol.</li> <li><input type="checkbox"/> Student documentation: symptoms, intervention, disposition.</li> <li><input type="checkbox"/> Staff documentation per District HR guidelines.</li> </ul>
